Notes:

- Adding another Mock Search in July gives us one each quarter (makes attending half actually feasible). They are touted as high priority, therefore may be worth emphasizing and holding one each quarter, incidentally provides seasonal experience as well.
- Moving the WFA dates as proposed gives more regular spacing and provides some instructor relief (1 day per month for 2 months, then 2 months off).
- CPR can be interspersed throughout non-WFA months, but, considering the size of our group, at least four per year should be a reasonable goal.
- Perhaps we should also consider what other support commitments to add, such as:
 - Nevada City Airshow
 - Toy Run
